Further Away

At Chapel Street (6 mins walk), Abbey Street East (9 mins walk), Abbey Street (9 mins walk) and Drewry Lane (10 mins walk) there are surface short stay car parks (prices as per Ford Street).

On Street Parking (free)

Many of the streets surrounding Friar Gate, Abbey Street & Duffield Road (including North Street & Edward Street) offer free on street parking on a Sunday. These are around 10-15 minute walk from QUAD. *Both Friar Gate & Abbey Street do have some metered bays however so please do be careful to obey any parking restrictions you might find.*

Notes

All these amounts are for Sundays only. Prices are correct as of July 2021 and may change without notice. This information is offered as a guide only. *No guarantee can be made to the prices or availability of parking! Please make sure that you check you have parked legally, displayed your ticket clearly (where necessary) and paid enough to cover your stay!*

MiPermit

Derby City Council use the MiPermit app to manage their car parks. Not all the car parks above are Council run so please check signs to confirm. You can pay by phone or card at all Council parking locations. With MiPermit you can pay for your stay before you arrive and renew your parking without returning to your vehicle. You can also pay by card at all council multi-story car parks.

Parking Enforcement

The City Council employs a team of civil enforcement officers who regularly patrol the car parks and on-street parking locations. When parking in pay and display areas please make sure that you buy a ticket immediately after parking your vehicle and that you return before the expiry time of your ticket. The pay and display machines don't give change. Make sure you have the correct change to pay for your parking or you may have to make an overpayment.

Please note that Corporation Street (outside the council building) is now a bus and taxi only lane from 7am - 7pm every day. Cameras are in operation and you will receive a fine.
